

Curtis Harding - Wednesday Morning Atonement

Tom: B

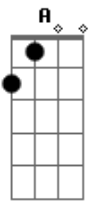

m
 Hello children well its been
 Such a very long time cause i finely found the mind
 To explain were i've been living
 I know i'm here to stay waiting on this better day
 So please child
 There was something in the way now i finely can say that i
 love you
 I want you to know
 There was something in the way now i finely can stay because i
 love you
 Yes i love you

Tell your mother i've been saving
 Working here all along trying to build a happy home
 See most people are never giving
 A second chance to be a better man maybe
 We can move on
 There was something in the way now i finely can say that i
 love you
 I want you to know
 There was something in the way now i finely can stay because i
 love you
 Yes i love you
 Well
