

## **Cyndi Lauper - Change Of Heart**

```
Intro: Cm Db Bbm Cm
Cm
       Db
Here I am
Just like I said I would be
           Db
I?m your friend
Just like you think it should be
Did you think I would stand here and lie
                  Cm
As our moment was passing us by
Oh I am here
Waiting for your change of heart
It just takes a beat
To turn it around
Yes I?m waiting for your change of heart
      Bbm
At the edge of my seat
       Cm
Please turn it around
       Db
Days go by
                 Cm
Leaving me with a hunger
         Db
```

```
I could fly
Back to when we were younger
When adventures like cars we would ride
                     \mathsf{Cm}
And the years lied ahead still untried
    Eb
While I stand here
Waiting for your change of heart...
