

Cyndi Lauper - Minnie And Santa

Tom: C

I worked with a woman named Minnie
 One Christmas Eve long ago
 When I asked what you doing this evening?
 Minnie took on a seasonal glow
 She said shed be waiting for Santa
 Shed be wearing a bright red bow

Minnie and Santa
 Minnie and Santa
 What they're up to only

Heaven knows she wrote on a card
 Don't take it so hard were headed for the north pole
 Now Minnie could not be persuaded
 That Santa just did not exist
 She swore if she put up some mistletoe
 Santa'd come give her a kiss
 And there where she'd hung up her stockings
 All in their silky, soft, sheen
 Shed be laying in wait on a bear skin rug
 Where the cookies and milk could be seen
