

Cyndi Lauper - My First Night Without You

Tom: **B**

I'm driving home from work **B Abm**
 Knowing you're not there **Ebm Gb7**
 I used to hurry home **B Abm**
 Now I don't even care **Ebm**
 The sun is in my eyes **E**

So I can't see **Gb7**
 But when it sets down behind the **E**
 Mountain it's gonna be **Gb7 B**
 My first night without you **Gb7 E**
 My first night without you **Gb7 Abm Gb7**
 My first night without you **E**
 Oh... without you

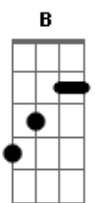

I sit here like a fool **B Abm**
 Remembering everything **Ebm**
 The way we used to talk **B Abm**
 The songs that we used to sing **Ebm**
 I've got to try and leave **E**
 The past behind e-ch ors.com **Gb7**

But my memory's so good
 I think that I'm losing my mind **E**
 My first night without you **Gb7 B**
 My first night without you **Gb7 B**
 And I wonder what I'll do **Gb7 Abm Gb7**
 Oh... without you **E Gb7**

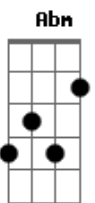

Solo

Will I be able to sleep **Ebm E**
 Will I lie in my bed and weep **E Gbm**
 What if I forget **B**
 And reach for you **E**
 Will I dream about you **B**
 My first night... my first night **Gb7 B**
 My first night without you **Gb7 B**
 My first night without you **Gb7 Abm Gb7**
 And I wonder what I'll do, oh... **Gb7 E**
 My first night without you **Gb7 E**
 My first night without you **Gb7 E**
 And I wonder how I'll get through
 Oh... without you
