

# Cypress Hill - Can't Get The Best Of Me

Tom: **E**

Album: Skull & Bones  
 Transcribed by: Trevor Hanna

I've never submitted a tab before or tried to figure out one in it's entirety. This songs pretty simple and i've got the verse and chorus pretty well done. I'm not too sure about the riffs but this should get you on your way. I'm not too big a fan of the whole rap/metal scene but this song's wicked.

Verse:  
 The verse is quite simply **Db** palm muted which is played as so:

Chorus:The chorus is **Db** and a high E(x799xxx)thm similar to the

verse but too much work to tab out

Verse 3: The third verse is two riffs, and the second one continues into the final chorus

Riff1:

Riff2:

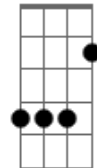

Final chorus: Riff 2 is played over the **Db** and this is played over the **E**

So that's it. Please e-mail me if you have any comments or suggestions.
