

Damien Rice - Animals Were Gone

Tom: D

(com acordes na forma de G)
Capostrate na 7ª casa

I've updated it once more, now adding the second guitar to the intro and the verse. It's not 100% correct, I think - it's kind of hard to hear - but it should work. It's played with a capo on 7th.

Standard tuning
No capo

Second guitar intro/verse (played by Lisa with capo on 7th)

[Verse]

G Woke up and for the first time the animals were gone
Am It's left this house empty now, not sure if I belong
Em Yesterday you asked me to write you a pleasant song
B7 I'll do my best now, but you've been gone for so long

G C
The window's open now and the winter settles in
Am D G
We'll call it Christmas when the adverts begin
Em Am
I love your depression and I love your double chin
B7
I love 'most everything that you bring to this offering

[Chorus]

Am G Am G
Oh I know that I left you in places of despair
Am G Am G
Oh I know that I love you, so please throw down your hair
Am G Am G
At night I trip without you, and hope I don't wake up
Am G Am G
'Cause waking up without you is like drinking from an empty cup

[Chorus]

G C
Woke up and for the first time the animals were gone
Am D G
Our clocks are ticking now so before our time is gone
Em Am
We could get a house and some boxes on the lawn
B7
We could make babies and accidental songs
G C
I know I've been a liar and I know I've been a fool
Am D G
I hope we didn't break yet, but I'm glad we broke the rules
Em Am
My cave is deep now, yet your light is shining through
B7
I cover my eyes, still all I see is you

[Repeat Chorus]
