

Dan Balan - Hold On Love

Tom: A

m

It sleeps more than often

Why?

Inner fights

I won't ignore

Them anymore

My crime

is human kind

I'd bare it all

To change my world

It sleeps slips more than often

It sleeps slips more than often

Free my hidden laughter

Free the wild man

Hold

Hold on love

All the love is there

Love is there

All the love is there

Hold (hold, hold)

Hold on love

All the love is there

Love is there

All the love is there

Time

Blindful eyes

My sins are raw

Now and before

All night

My instincts fight

These deepest wrongs

Divided worlds

It sleeps more than often

It sleeps more than often

Free my hidden laughter

Free the wild man

Hold

Hold on love

All the love is there

Love is there

All the love is there

Hold

Hold on love

All the love is there

Just find the reason

Just give me a reason

()

Hold

Hold on love

All the love is there

Love is there

All the love is there

keep Hold (hold, hold)

Hold on love

All the love is there

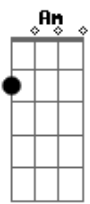

Love is there

All the love is there
