Sometimes I see the storm

It's like a warning coming in

It seems like when in love

I let it begin

When a woman in my life

Becomes the wife i can't complain

But her feelings leave me tingling

I can sustain

And if she asks me why

I will deny I can pretend

This way I will stay

Until the end

Her clouds get so loud

I have no doubt it's happening

The rain is coming and I'm running

I recommend

Take a little, I get tired

Don't call me vain

Can't you see I'm on fire?

Don't worry about the pain

The clouds are getting dark

And no replies in me remain

Before the rain

Take a little, I get tired

Don't call me vain

Can't you see I'm on fire?

Don't worry about the pain

The clouds are getting dark

And no replies in me remain

Before the rain
