

# Dan Lluvia - Luna

tom:

A

Luna viene en camino

Ya se acerca cruzando el mar

Piel de viento divino es

Que se abre paso en mi oscuridad

Irreverente pateó el tablero

Y con su risa que aún no tronó

Sacó a pasear a mi mundo entero

De la vereda que pega el Sol

Blandiendo un sable de magia etérea

Que aún no pudimos ni imaginar

Rajó a los monstruos de mi cabeza

Un rato antes de despertar

Salta y tiñe de vuelo

Ese segundo antes de caer mal

El tiempo es agua en sus dedos y ahora

Quiero quedarme a ver el final

Blandiendo un sable de magia etérea

Que aún no pudimos ni imaginar

Rajó a los monstruos de mi cabeza

Un rato antes de despegar

( Bm D G )

Va jugando a esconderse

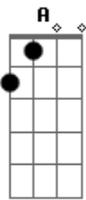

Detrás del sueño del buen amor

Bah! Jugando a que yo la encuentre

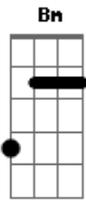

Para enseñarme a buscar mejor

Luna viene en camino!
