

Dan Romer - Help Me Faith

tom:

Intro: Dbm

[Primeira Parte]

I once was a child with innocent eyes
 And my family swore the new best for my life
 I followed their rules as I played with my friends
 When it came to the world I never thought it would end

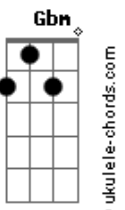

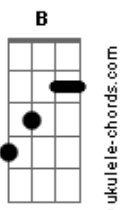

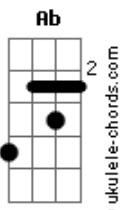

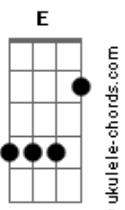

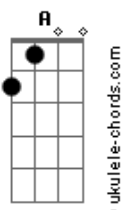

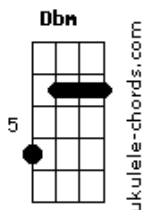

[Refrão]

Help me faith, help me faith
 Shield me from sorrow, from fear of tomorrow
 Help me faith, help me faith
 Shield me from sadness, from worry and madness
 Lead me to the bliss

[Segunda Parte]

And as I grew up I could never be free
 Cause the shackles I wore can't be touched or be seen
 My heart never loved and my soul couldn't laugh
 So much hate in my life, couldn't make out the path

Acordes

[Refrão]

Help me faith, help me faith
 Shield me from sorrow, from fear of tomorrow
 Help me faith, help me faith
 Shield me from sadness, from worry and madness
 Lead me to the bliss

[Terceira Parte]

And when I grew old I was riddled with sin
 Locked my soul in the dark, never let the light in
 I crawled towards the gate with little time left
 I cried "What have I done?" as I took my last breath

[Refrão]

Help me faith, help me faith
 Shield me from sorrow, from fear of tomorrow
 Help me faith, help me faith
 Shield me from sadness, from worry and madness
 Lead me to the bliss
 Lead me to the bliss
