They'll look high and they'll look low
 They'll look everywhere we go
 But when the sinners find us we won't hide
 They'll come loud and they'll come fast
 But we shoot first and we can last
 Keep your rifle by your side

[Refrão]

Singing, "Oh, Lord, this Earth was made for us."
 Singing, "Oh, Lord, this sinful life just ain't enough."
 So we'll take a stand
 Because we must protect our land
 Keep your rifle by your side

They'll come day and they'll come night
 They'll have our children in their sights
 But if they don't have Faith their eyes are blind
 They can scream and they can shout
 But they can never smoke us out
 Keep your rifle by your side

Singing, "Oh, Lord, this Earth was made for us."

Singing, "Oh, Lord, this sinful life just ain't enough."
 When we hear the voice
 We know we have no other choice
 Keep your rifle by your side

They'll have bombs and they'll have tanks
 'Cause they've got money in their banks
 But we won't fall as long as we can fight
 They'll go on and preach their hate
 But they won't get past the gate
 Keep your rifle by your side

Singing, "Oh, Lord, this Earth was made for us."
 Singing, "Oh, Lord, this sinful life just ain't enough."
 When I see your face
 I know I must protect my place
 I'll keep my rifle by my side
 Singing, "Oh, Lord, this Earth was made for us."
 Singing, "Oh, Lord, this sinful life just ain't enough."
 When I see your face
 I know I must protect my place
 I'll keep my rifle by my side
 Keep my rifle by my side
 Keep your rifle by your side
