

Dan + Shay - I Heard Goodbye

Tom: Ab

(forma dos acordes no tom de G)

Capostrate na 1ª casa

Intro: Am G F

I could tell by the way you kissed my lips that day
 There was something missing, something not the same
 You were there, but you weren't, didn't care, didn't hurt at all
 Said it was what it was, then the feeling of us was gone

I watched you fade away
 But I turned my head and closed my eyes
 And prayed you'd stay
 And I told myself that it'd be fine
 I wish I could have just said somethin', oh
 When you said you needed time
 I heard goodbye
 Goodbye

It was way too easy to say those words you said
 And the look on your face, I could tell there was nothin' left
 Almost wished we were fightin', screamin', and cryin', but
 Not a drop of a tear, didn't know how to feel, I was numb

When I watched you fade away
 But I turned my head and closed my eyes
 And prayed you'd stay
 And I told myself that it'd be fine
 I wish I could have just said somethin', oh
 When you said you needed time
 I heard goodbye
 Goodbye

I could try to hold on if I thought I could change your mind
 But I don't think I can when I feel like I feel tonight

I watched you fade away
 But I turned my head and closed my eyes
 And prayed you'd stay
 And I told myself that it'd be fine
 I wish I could have just said somethin', oh
 When you said you needed time
 When you said you needed time
 I heard goodbye
 Goodbye
