Tom: E  
Intro: E Abm A Dbm B

Mmm  
E  
I remember when I first met you  
Sipping coffee in a corner booth  
You were twirling your hair  
Dbm  
And I just had to stare  
B E  
For a minute or two  
I was laughing at your stack of books  
A Abm  
Then you shot me that smile  
A  
Hey beautiful girl, in your own little world  
B Dbm  
And me in it  
E A B  
You got all of my attention  
E A B  
And you ain't even trying  
E A B  
Yeah, you're my kind of different  
E A B  
And I never seen nothin'

[Refrão]

E  
Nothin' like you  
B  
Shades on, spinning in a summer rain  
Dbm  
Dancing when there ain't no music  
A B  
Just the right kind of crazy, baby  
E  
Something about you  
B  
Rocking that rock 'n roll t-shirt  
We're at a party dressed up  
Dbm  
But you just doing your thing  
A B E  
Ain't nobody ever seen nothin' like you  
Abm  
When you're wearing them worn out jeans  
A  
Purple untied shoestrings  
You're a light in the dark  
Dbm B  
And you're stealing my heart like a gypsy  
E A B  
I love the way that you kiss me  
E A B  
In front of everybody  
E A B  
So baby come and kiss me  
E A B  
They ain't ever seen nothin'
