

# Dan + Shay - Obsessed

Tom: Ab

(com acordes na forma de G )

Capostrate na 1ª casa

Intro: G Em C D

Candles Burinin' ruby red, sheets are falling' off the bed

Run your fingers through my hair, I know what you're thinkin', take me there

You hypnotize me with your touch, and I can never get enough of you, it's true

And anywhere you want to go my hand is only yours to hold, oh oh, you know

I'm so obsessed with the way that your lips kiss me like crazy, Ooo you amaze me

When you walk in the room, you got me loosin' it, yeah I'm a mess, Girl I confess

I'm so obsessed, ah yeah eh

Every time you walk away, I guess your perfume likes to stay

on my pillow, on my shirt, listen Baby, for what it's worth

I'm so obsessed with the way that your lips kiss me like crazy, Ooo you amaze me

When you walk in the room, you got me loosin' it, yeah I'm a mess, Girl I confess

I'm so obsessed, yeah yeah yes, so give it to me, give it to me, give it to me now

do do do do do do do

And I'm so obsessed with the way that your lips kiss me like crazy, Ooo you amaze me

When you walk in the room, you got me loosin' it, yeah I'm a mess, Girl I confess

I'm so obsessed, Oh Baby Rrrr yeah

When your friends are around and you kiss me in front of everybody

You know it drives me crazy girl, so come and lay one on my lips girl

do do, do do, no no, nah no...

Just do it to me... yeah oh yeah... oh do du do du do, do du do du do...

You... know it, I'm so obsessed

You're never gettin' rid of me baby

You're never gettin' rid of me baby, yeah oh yeah, you... know it

Ooo Ooo Ooo Ooo-hu, Ooo Ooo Ooo Ooo-hu, Ooo Ooo Ooo Ooo-hu, Ooo Ooo No

...You're never gettin' rid of me baby

Never gettin' rid of me baby, break it down for me baby

And girl you know you're driving' me crazy, Mmm I can't get enough

Ooo da da, da da da da da da da da Mmm Mmm Mmm Mmm,

I think you're feelin' me too baby, so lay me down, show me right, do me good

Lets turn out the lights babe

I'm so obsessed, with the way that you walk into the room baby I can't take it, you know you do

I guess all I'm really trying' to say is I'm obsessed baby
