Tom: C

apotraste na 1ª casa C Em
 You say you'll be down in 5

The smell of your perfume is floating down the stairs F
 You're fixing up your hair like you do Dm

I know that I'll be a mess Em
 The second that I see you F
 You won't be surprised

It happens every time Dm
 It's nothing you

[Ponte]

Am G
 It's always on a night like tonight
 I think that you can read my mind F
 Cause when you look at me with those eyes Fm

[Refrão]

C
 I'm speechless
 Staring at you, standing there in that dress Em
 What it's doing to me, ain't a secret F
 Cause watching you is all that I can do Fm
 And I'm speechless C
 You already know that you're my weakness Em
 After all this time I'm just as nervous F
 Every time you walk into the room Fm
 I'm speechless C Bb F

 It started when you said hello

 Just did something to me

 And I've been in a daze

 Ever since the day that we meet
 C
 You take the breath out of my lungs
 I can't even fight it

Em
 And all of the words out of my mouth without even trying
