

Dangu - Glass Friends

tom:
Dm

[RIF INICIAL]

B BbM7
It's so hard to trust in someone
All the real friends are gone
Only shards remained, what a shame
Maybe cause we're too young to know
I have some friends that are made of gold
But the type that can be easily sold
You said you have your own time
But you forgotten mine

B BbM7
Well you don't have to blame me
Go to the parties that you want
Getting attention is your wishness
You exchange the years for months
I don't even know your name now
And this now can sound really dumb
You don't even know yourself
Glassing all your friends for fun

B BbM7
I have some friends that are like picasso
But you can buy them on the streets
They swear they already found diablo

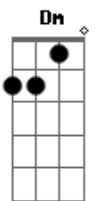

But they never actually did
Now you can see the pain in my eyes
When I noticed what was going on
I felt your knife hitting on my back
And saying: I was just drunk
Fuck those things that you said
Your sorry's can't make me stay
I learned that some things actually
Want to leave

B BbM7
Well you don't have to blame me
Go to the parties that you want
Getting attention is your wishness
You exchange the years for months
I don't even know your name now
And this now can sound really dumb
You don't even know yourself
Glassing all your friends for fun

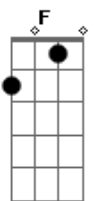

B BbM7

Glass Friends

B BbM7
You said you have your own time
But you forgotten mine
You're just ruining your life
But I don't really mind
