

Daniel Ash - Here She Comes

Tom: Gb

Gb B

I don't think that I can get too much higher than this
 I'm out of my head, I'm in a total state of bliss
 Moves me baby when she moves around
 I'm in a heaven and I just can't come down
 No I won't be being lazy when she comes to town
 No I won't be being lazy when she comes to town

Gb B

Here she comes
 Here she comes

Gb B

Here she comes
 Puts one foot in front of the other
 She just moves me, she just moves me
 Like no other
 I'm on the ceiling, I'm climbing the walls
 Things just get better baby, when she calls me

No I will never be being lazy when she comes to town
 No I will never be being lazy when she comes to town

Said to me today

Gb B (A A7)
 Stop playing your games of lost and found
 Said to me today

Gb B (A A7)
 You're just running around and around
 I told you baby
 Leave your grey grey sky
 I told you honey
 Just leave them behind you

Gb B (A A7)
 No I will never be being lazy when she comes to town

Gb B (A A7)
 No I will never be being lazy when she comes to town
