Tom: **A**
Intro: **E A**

E A
Hey baby, don't you walk so fast
Hey baby, don't you walk so fast

E A
The dream of another world
Haunted my head and sent me in a whirl
But honey, don't you walk so fast

E A
And though you think the sky's gone gray
And love has just flown away
Hey baby, don't you walk so fast

E A
'Cause you were right all the time
We love you baby, now your feeling fine

E A
Say honey, don't you walk so fast
Not so fast, not so fast
