

# Daniel Schulz - Turn Back Time

tom:  
 We used to run red lights and never look back  
 We used to chase long nights, nothing wrong with that  
 'Cause I loved you and I lost my mind  
 And now, I try to leave it, oh, I try  
 But you still haunt me no matter where I go  
 And you hated my lasagna but you came back for more  
 You got me running circles in your favorite store  
 And I lost you and I lost my mind  
 And now, I try to leave it all behind  
 But I still see you no matter where I go  
 If I could turn back time and make it all alright  
 Only a piece of you and me will keep me warm all night  
 If I could turn back time and rewrite every line  
 If only I could, but baby, I can't  
 So I'mma scream, shout, let all out  
 And scream and shout and let it all out for you, for you  
 So I'mma scream, shout, let all out  
 And scream and shout and let it all out for you, for you  
 I hit you up like, "Hey girl, can we talk right now?"  
 I know you're far away, girl, can we hang right now?"  
 'Cause I loved you and I lost my mind  
 And now, I try to leave it all behind  
 But I still see you no matter where I go

I know it's getting late, girl, I don't care right now  
 I tried to call you on the phone, girl, but you don't pick up  
 And I lost you and I lost my mind  
 Now, I tryna leave it, oh, I'm trying  
 But you still haunt me no matter where I go  
 If I could turn back time and make it all alright  
 Only a piece of you and me will keep me warm all night  
 If I could turn back time and rewrite every line  
 If only I could, but baby, I can't  
 So I'mma scream, shout, let all out  
 And scream and shout and let it all out for you, for you  
 So I'mma scream, shout, let all out  
 And scream and shout and let it all out for you, for you  
 Maybe it's a mistake if we let the clock break  
 Everything in my mind, everything in mind is telling me  
 That it's a mistake and it ends in heartbreak  
 Everything in my mind, everything in mind is telling me  
 To try to turn back time and make it all alright  
 Only your piece of you and me will keep me warm all night  
 If I could turn back time and rewrite every line  
 If only I could, but baby, I can't  
 So I'mma scream, shout, let all out  
 And scream and shout and let it all out for you, for you  
 So I'mma scream, shout, let all out  
 And scream and shout and let it all out for you, for you
