

Daniel Seavey - Fall Into You

tom:

Intro: My darling, I love you to the moon and back

[Primeira Parte]

Fallin' for someone, isn't it so lovely

Can make you go so crazy

And make you overthink

Tried to believe that you could never want me

For all the ghosts that haunt me

And baggage that I bring

[Pré-Refrão]

But you held me in the dark

So I could feel you in the light

[Refrão]

Fall into you

Cover me like rain

Ever since you

Nothin' is the same

Stars in your eyes

Like the sky, I fell through

All of me is yours to keep

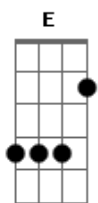

Babe, I fall into you

(E A)

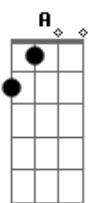

[Segunda Parte]

I didn't hear your voice until the echo
