

# Danni Carlos - Just don't

Tom: Db

I'm waiting for you  
 sitting on the couch  
 In front of TV  
 trying to write you a note  
 do not disturb  
 Is hanging on my door  
 now I am lying on the floor  
 so don't talk  
 And don't laugh

And don't run away from here  
 And don't go messing with  
 Another girl without me  
 I'm still missing you  
 But I believe the things could change  
 I know what you've been thru  
 I want to hear you call my name  
 Life Is so short  
 I think I'm gonna fall  
 Now I am trying to break the wall
