

Danni Carlos - Just don't

Tom: Db

I'm waiting for you
 sitting on the couch
 In front of TV
 trying to write you a note
 do not disturb
 Is hanging on my door
 now I am lying on the floor
 so don't talk
 And don't laugh

And don't run away from here
 And don't go messing with
 Another girl without me
 I'm still missing you
 But I believe the things could change
 I know what you've been thru
 I want to hear you call my name
 Life Is so short
 I think I'm gonna fall
 Now I am trying to break the wall
