tom:

This is MY tab for This is halloween. If you have a problem with it, then you can listen it and figure it out yourself. it is really hard to figure out. Especially by ear to the violins, flutes, clarinets, oboes, etc. Don't slander my tab or me. If you do, will be reported to Ultimate-Guitar and risk having your account suspended. Please rate fairly.

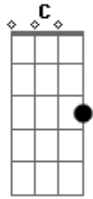

I used the song.....

This is Halloween by The Citizens of Halloween (on the NBC in 3D soundtrack)  
I followed the Clarinets in the song.
