

Danny Jones - Is This Still Love

Tom: G

Like nobody could do
 You took my heart, you
 Gave it a home
 Now, I start to wonder
 As we grow older
 Are together alone?

Bm
 You got a heart of gold you're everything to me
 I pray, I hope that you're feeling the same way that I do

G
 Is it still love that's keeping us together?
 'Cause if it's not love, then I gotta know what it is
 Is there still us when you think of forever
 Cause if there's no love
 Then I don't know what it is

D Bm
 So, so many questions
 Not enough answers
 Where do we go?
 D Bm
 Is, is it just madness?
 Fueling this sadness

How do I know?

Bm
 You know my heart is sold
 So help me to believe and give me hope
 Are you feeling the same way that I do?

G
 Is it still love that's keeping us together?
 'Cause if it's not love, then I gotta know what it is
 Is there still us when you think of forever
 Cause if there's no love
 Then I don't know what it is
 (D C Bm G A)

D Bm
 You will always be a part of me
 So let's talk and tell me honestly
 Hey now, don't be sorry, we're here now
 D Bm
 You will always be a part of me
 So let's talk and tell me honestly
 Hey now, don't be sorry, we're here now

G
 Is it still love that's keeping us together?
 'Cause if it's not love, then I gotta know what it is
 Is this still us when you thank God forever?
 'Cause if it's not love, then I don't know what it is
