

Dark Avenger - Can You Feel It?

tom:
B (forma dos acordes no tom de C)

Afinação: Eb Ab Db Gb Bb Eb

There's a love in my heart
That's is fading day by day
There's a hole drowning my soul away

There's a void in my hand
Since you have gone
And a never ending tear in my eye

Not long ago my heart exulted

I had you my poor little boy
Much long ago you've gone away

And I'm asking can you feel a mother's pain

Can you feel a mother's pain?
Can you feel a mother's pain?
Can you see my tears becoming a pouring rain?

Can you feel a mother's pain?
Can you feel a mother's pain?
Can you see?. Ohhhhhh

Along this lonely valley there's a river
And no more tears to cry
And no more tears to cry

Along this lonely valley there's a river
To cry
To cry
