

# Daryl Hall - I'm in a philly mood

tom: Gbm

Intro: Gb B D  
E A7M E

Oh, let's make it groove  
Taking it nice and smooth

Turn out the light, I can see your face  
It's you and I, in the time and place  
The radio playing Teddy's groove  
The city nights, nothing love couldn't do

Oh, baby, it's been too long  
I need to feel the same thing  
That made that time our own

Oh, let's make it groove  
Taking it nice and smooth  
I'm in a Philly mood

Oh, baby come down  
I want to hold you now  
I'm in a Philly mood

Lay down your love, I can feel your soul  
When night is gone, let our hearts carry on  
As sure as you are of the love we made  
I know sometimes we've been so out of place

Oh, lately, girl it seems that we've come home  
To the place that made that time our own

Oh, let's make it groove  
Taking it nice and smooth  
I'm in a Philly mood  
Oh, baby come down  
I want to hold you now  
I'm in a Philly mood
