

Daryl Hall - I'm in a philly mood

tom: Gbm

Intro: Gb B D
E A7M E

Oh, let's make it groove
Taking it nice and smooth

Turn out the light, I can see your face
It's you and I, in the time and place
The radio playing Teddy's groove
The city nights, nothing love couldn't do

Oh, baby, it's been too long
I need to feel the same thing
That made that time our own

Oh, let's make it groove
Taking it nice and smooth
I'm in a Philly mood

Oh, baby come down
I want to hold you now
I'm in a Philly mood

Lay down your love, I can feel your soul
When night is gone, let our hearts carry on
As sure as you are of the love we made
I know sometimes we've been so out of place

Oh, lately, girl it seems that we've come home
To the place that made that time our own

Oh, let's make it groove
Taking it nice and smooth
I'm in a Philly mood
Oh, baby come down
I want to hold you now
I'm in a Philly mood
