Tom: G

(INTRO)

D  
Come and see  
G Em7 D D  
I swear by now I'm playing time against my troubles, oh  
G Em7 D  
I'm coming slow but speeding  
D G  
Do you wish for a dance and while  
Em7  
I'm in the front  
D D  
My play on time is won  
G Em7 D D G Em7 D  
Oh, but the difficulty is coming here

(CHORUS)

G D C  
I will go in this way  
G  
And find my own way out  
D C  
I won't tell you to stay  
But I'm coming to much more

(INTRO 2)

(D G Em7 D )  
Me  
All at once the ghosts come back  
Reeling in you now  
Oh, tell me what if they came down crushing?

And used to be, you and me play for  
all the loneliness that nobody  
notices now

Oh, I'm begging slow  
I'm coming here  
Only waiting  
I wanted to stay,  
I wanted to play,  
I wanted to love you

I'm only this far  
And only tomorrow leads the way  
I'm coming waltzing back and  
moving into your head

(CHORUS)

(G D C )

Please, I wouldn't pass this by  
Oh, I wouldn't take any more than...  
What sort of man goes by...?  
I will bring water

Why won't you ever be glad?  
It melts into wonder  
I came in praying for you

Why won't you run  
into rain and pray?  
Can a kiss splash all over you?
