                     D
```

Verse.

```
D2             D          D
Neon shines through smokey eyes tonight
    D                D
It's 2 A.M., I'm drunk again
           C         D[Intro]
And it's heavy on my mind
       C          D[Intro]
it's heavy on my mind

D2             D
I could never love again
      D          D
So much as I love you
                        C
Where you end, where I begin
          D             D(I like how this chord sounds)
Is like a river going through

Oooooh...

D2               D
Take my heart, take my eyes
                 D
I need them no more
   D                 C
If never again they fall
          D        D
Upon the one I so adore...
```

Chorus:

```
G        D          Bm         A
Excuse me please, one more drink
G              D
Could you make it strong?
         A          D
'Cause I don't need to think
   G         D
She broke my heart
   Bm       A
My Grace is Gone
G       D                  A
Another drink and I'll be gone
```

Verse:

One drink to remember
Then another to forget
I think of every day to find
A love like you again
One drink to remember
And another to forget

Chorus:

Excuse me please, one more drink
Could you make it strong?
'Cause I don't need to think
She broke my heart
My Grace is Gone
Another drink and I'll be gone
One more drink and I'll move on

Verse:

You think of things impossible
Then the sun refuse to shine
I woke with you beside me
Your cold hand lay in mine
Chorus:

```
G        D          Bm         A
Excuse me please, one more drink
G              D
Could you make it strong?
         A          D
'Cause I don't need to think
   G         D
She broke my heart
   Bm       A
My Grace is Gone
G       A             D
Another drink and I'll go...
G        D          Bm         A
Excuse me please, one more drink
G              D
Could you make it strong?
         A          D
'Cause I don't need to think
   G         D
She broke my heart
   Bm       A
My Grace is Gone
G       A              D[Intro]
Another drink and I'll move on
G        A             D[Intro]
One more drink and I'll move on
G        A             D[Intro]
One more drink, my grace is gone.
```

Then just play with the intro until the end.
