Intro: **A E D**

**A**  
So here we are tonight, you and me together  
**D**  
The storm outside, the fire is bright  
**E**  
And in your eyes I see what's on my mind  
**D**  
You've got me wild, turned around inside  
**E**  
And then desire, see, is creeping up heavy, inside here  
**A**  
And know you feel the same way I do now  
**E**  
Now let's make this an evening  
**D**  
Lovers for a night, lovers for tonight

Ponte:  
**Bm**  
Stay here with me, love, tonight just for an evening  
**Bm**  
When we make our passion pictures,  
**A**  
you and me twist up secret creatures  
**G D**  
And we'll stay here  
**A**  
Tomorrow go back to being friends  
( **E D** )

**A**  
Go back to being friends  
**E**  
But tonight let's be lovers, we kiss and sweat  
**A**  
We'll turn this better thing to the best  
**E**  
Of all we can offer, just a rogue kiss  
**A**  
Tangled tongues and lips, see me this way  
**E**  
I'm turning and turning for you

Girl, just tonight
