

David Bowie - Survive

Tom: G

Oh my, naked eyes
 I should have kept you
 I should have tried
 I should of been more wiser kind of guy
 I miss you
 Give me wings
 Give me space
 Give me money for a change of face
 There's noisy rooms and passion pants
 I loved you
 Where's the morning in my life?
 Where's the sense in staying right?
 Who said time is on my side?
 I got ears and eyes and nothing in my life
 But I survive your naked eyes

I'll survive

Instr : D C D C Am Em D G
 You alone across the floor
 You and me and nothing more
 You're the great mistake I never made
 I never lied to you, I hated when you lied
 But I'll survive your naked eyes I'll survive
 Little boys, all snowy white
 Razzle dazzle clubs, every night
 Wish I'd sang a Valentine
 I loved you
 I'll survive naked eyes
 I'll survive I'll survive my naked eyes
 I'll survive I'll survive Naked eyes
 I'll survive I'll survive I'll survive
