

# David Bowie - Survive

Tom: G

Oh my, naked eyes  
 I should have kept you  
 I should have tried  
 I should of been more wiser kind of guy  
 I miss you  
 Give me wings  
 Give me space  
 Give me money for a change of face  
 There's noisy rooms and passion pants  
 I loved you  
 Where's the morning in my life?  
 Where's the sense in staying right?  
 Who said time is on my side?  
 I got ears and eyes and nothing in my life  
 But I survive your naked eyes

I'll survive

Instr : D C D C Am Em D G  
 You alone across the floor  
 You and me and nothing more  
 You're the great mistake I never made  
 I never lied to you, I hated when you lied  
 But I'll survive your naked eyes I'll survive  
 Little boys, all snowy white  
 Razzle dazzle clubs, every night  
 Wish I'd sang a Valentine  
 I loved you  
 I'll survive naked eyes  
 I'll survive I'll survive my naked eyes  
 I'll survive I'll survive Naked eyes  
 I'll survive I'll survive I'll survive
