

# David Bowie - Velvet Goldmine

Tom: F

You got crazy legs, you got amazing head  
 You got rings on your fingers and your hair's hot red  
 You got wit from my tongue, name on the sun  
 I gotcha going to my breast  
 Cause you're the only one, who uses school to pleasure

You make me act real gone, you make me trawl along  
 I had to ravish your capsule, suck you dry  
 Feel the teeth in your bone, heal ya head with my own  
 Why if I don't have you home, we'll have to fight alone  
 Hang all together

Velvet Goldmine, you stroke me like the rain  
 Snake it, take it, panther princess you must stay  
 Velvet Goldmine, naked on your chain  
 I'll be your king volcano right for you again and again  
 My Velvet Goldmine

You're my taste, my trip, I'll be your master zip  
 I'll suck your hair for kicks, you'll make me jump to my feet  
 So you'll give me your hand, give me your sound  
 Let my sea wash your face, I'm falling, I can't stand  
 Oooh! Put your mink on

Velvet Goldmine, you stroke me like the rain

Snake it, take it, panther princess you must stay  
 Velvet Goldmine, naked on your chain  
 I'll be your king volcano right for you again and again  
 My Velvet Goldmine

Oh

Shoot you down, bang bang

Velvet Goldmine, you stroke me like the rain  
 Snake it, take it, panther princess you must stay  
 Velvet Goldmine, naked on your chain  
 I'll be your king volcano right for you again and again  
 My Velvet Goldmine

Velvet Goldmine mmm mmm mmm mmm mmm  
 mmm mmm mmm mmm mmm mmm mmm mmm mmm mmm mmm
