

David Coverdale - Midnight Blue

tom:

Intro: G C G C

In the cold light of the morning

I close my eyes and I see you there

And the silence takes my breath away

Can't stand to face another day

In the evening when the sun goes down

I reach out for you but you're not around

You color my world midnight blue

So what's a man like me to do

With all the love I feel for you

Come and take me midnight blue

Here I am, I'm waiting for you

When I'm troubled and all alone

You shine down on me

When I need sympathy

Sympathy

(G C G C)

Under street lights I walk alone

Hiding in shadows from dusk to dawn

The taste of your perfume

On the cold night air

Leaves a sadness hanging over me
