

# David Fonseca - U Know Who I Am

Tom: D

Yeah, I've walked through dangers  
 I've talked to strangers  
 But they didn't, they didn't understand  
 When the world seems senseless  
 It's me and you against them  
 And I love you 'cause you know who I am

(so na 3ª corda, a contar de cima) D E Gb G, ou seja por trastes: 0,2,4,5

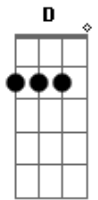

All you dreamers keep dreaming  
 And let those dreams rise into the light  
 Go find someone who loves you

To live those dreams through  
 Don't you go get swallowed by the night  
 I've walked the stages  
 I've read the pages  
 And never, never reached the end  
 All the world seems senseless  
 You're here with me against them  
 And I love you 'cause you know who I am

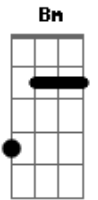

Deep inside every soul  
 There's a sadness on the verge of climbing through  
 Now don't you try and fix it  
 Why would you do that?  
 How beautiful when sadness turns to songs

And I'll walk through dangers  
 I'll dance with strangers  
 But they will never understand  
 We'll never be defenseless  
 We'll win this war against them  
 Don't you doubt this, yeah I'm sure we can  
 And who cares if they never understand  
 And I love you 'cause you know who I am
