

## David Fonseca - What Life Is For (Acústico)

```
A million stars up in the sky
             Em
                                 Am G
We watch them live, we watch them die
         Em
Now who can tell how this will be?
       Em Am G
Now what is left here to believe?
C Em
I never felt like this before
             Em
And I feel no guilt for wanting more
I?ll take all my chances here with you
And I can tell you feel it too
So let?s not hide it, I won?t hide it anymore Who knows what life is for?
(FGAm)(2x)
So take my hand
    Am
We?ll make this happen
It?s real, I?m in love with you
            Em
And then you stepped out of my screen
        Em
Well, I?m awake inside my dream
             Em
And tears roll backwards to the light
A rush of love, I feel alive
I?m in the back, I?m waiting for you
```

```
And I can tell you feel it too
           Em
So let?s not hide it, I won?t hide it anymore
Who knows what life is for?
(FGAm)(2x)
