

# David Lynch - Movin' On

tom:

Intro: Gm Bb Eb Gm

Bb Eb  
 All, all along the road I saw the signs go by  
 Flashing dark dreams  
 The owl of thunder rumblin'  
 Engine whine, rain like bullets bangin', flare of light  
 And a shakin' goin' through me  
 A breaking heart  
 A sadness in the clouds, dark grey and bleedin'  
 I'm gone  
 Down this road alone  
 Leaving nothing but a memory  
 A memory of gold  
 The gold night  
 A gold in a look, in a smile, faded now  
 Swallowed by the future screamin' up at me

Eb  
 I can't see nothin'  
 Gm  
 Just a hollow echo  
 Bb  
 Filled with tears and fears  
 Eb G  
 I see myself, and I don't recognize a thing  
 Gm Bb  
 Movin' on  
 Eb  
 Time rolled back would start that show again  
 Gm  
 But I know how it ends  
 Bb  
 A rose snatched away by a liar's hand  
 Eb  
 It's me in the mirror  
 G  
 I've seen this face before  
 Gm G Gm  
 But I don't recognize it anymore  
 Bb Eb  
 If I could fix it I would  
 Gm  
 But it was me that took the wheel  
 G Gm  
 Movin' on...gone
