

Dawid Podsiad?o - Let You Down

C tom:

[Primeira Parte]

Feel the rythm of the streets
 Neon lights and neon dreams
 Bloody fists they feel no pain
 When there?s so much more to gain
 Hunting season if you will
 Tell me where you'd rather be
 I can hardly see the moon
 Hope we'll get there pretty soon

[Pré-Refrão]

Trying so hard to release
 You're out of the misery
 Hold on to your wishes
 If you can't hold on to me

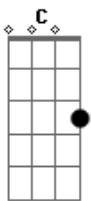

[Refrão]

Forgive me for letting you down
 Forgive me for letting you down again
 I guess I'm not strong enough
 Right now

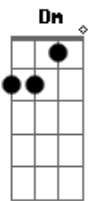

[Segunda Parte]

They will finally feel the flames

Flames that run down through my veins
 I will make the city burn
 We're not planning to return

[Pré-Refrão]

Trying so hard to be free
 To make you see what I see
 Hold on to your wishes
 If you can't hold on to me

[Refrão]

Forgive me for letting you down
 Forgive me for letting you down again
 I guess I'm not strong enough
 Right now
 Forgive me for letting you down
 Forgive me for letting you down again
 I guess I'm not strong enough
 Right now

[Final]

Oh, my love, love, love
 Oh, let you down
 Oh, let you down
 Let you down
 Oh, let you down
