

# Dayseeker - Sleptalk

tom:

Eb (forma dos acordes no tom de D )

Capostrate na 1ª casa

Intro: G Em Bm A

[Primeira Parte]

The blood stains on my hands  
 Our three year, one-night stand  
 Love is bitter when it's spent  
 Lying next to me in bed  
 Say her name under my breath (sleptalk)  
 It's toxic, the same dance  
 Our feet firm in quicksand  
 Love is bitter when I see  
 How much I can make you bleed  
 Till you feel like you're deceased (sleptalk)

[Refrão]

Into the night, I drink and drive  
 Anything to help me let go, let go  
 You feel the pain, I feel the same  
 But we cannot repeat this cycle  
 The worst is yet to come  
 The worst is yet to come

[Segunda Parte]

No please don't be alarmed  
 We tend to fall apart  
 I'm entirely to blame  
 No, I couldn't keep you safe  
 If there's trust I will betray (sleptalk)  
 Sunset, sunrise  
 It's better you're not mine  
 I had everything to lose  
 Always find a way to prove
