G

tom:

[Refrão]

E

I know I can't hold on

Dbm

Without you in my thoughts

Abm

And now I'm falling down

E

If you could let me know

Dbm

The thing that made you go

Abm

Was I going too slow

Gb

I just wanted to know

[Primeira Parte]

Dreaming and thinking and you're not there

You made me turn that dream into nightmare

Just because you're not here, you're not here

I can't understand why did you disappeared

And now I just want to cry

I don't even know why

Thinking and thinking and thinking

My head is already saying goodbye

I just need you around me

Where I can feel free

Girl you change my mind

But I guess you don't agree

[Refrão]

E

I know I can't hold on

Without you in my thoughts

And now I'm falling down

[Segunda Parte]

E

Yeah I can't hold on

Dbm

You just care when I'm gone

I'm Waiting for the dawn

Layed on the lawn

Abm

Appreciating little things

Till I get wings

Gb

And fly through the sky rings

E

What the fuck this life brings

I can't understand why our lives end

Dbm

We all have the same destiny, lame

Abm

We need to grab everything with our hands

Gb

So we can be happy as we planned

[Refrão]

Without you in my thoughts
