

DayzVibes - It's Love

tom:

Cm

[Refrão]

When i wake up thinking about you

When I say that I love you it's true

When I feel good when I'm with you

I just want you to feel that too

[Primeira Parte]

Yeah It's always love

Even with your demons

You are more than enough

Now look at me

Pay attention to what I say

You're everything to me

I don't want you another way

Yeah you got me glossing

When I hear you talking

Yeah you got me thinking

Every day in the morning

Those eyes that im lost in

Yeah I can't ignore them

Feels like I am soaring

In all these emotions

Take my hand

Don't go away

[Refrão]

When i wake up thinking about you

When I say that I love you it's true

When I feel good when I'm with you

I just want you to feel that too
