I look up from the ground to see your sad and teary eyes
You look away from me, and I see there's something you're trying to hide
And I, reach for your hand but it's cold, you pull away again
And I wonder, what's on your mind ind ind
And then you say to me you made a dumb mistake
You start to tremble and your voice begins to break
You say the cigarettes on the counter weren't your friends, they were my mates
And I feel the color draining from my face
And my friend said
I know you love her but it's over mate
It doesn't matter, put the phone away
It's never easy to walk away
But let her go oh oh oh
And it'll be alright

So I asked to look back at all the messages you'd sent
I know it wasn't right but it was fucking with my head
And everything deleted like the past, it was gone
And when I touched your face I could tell you're moving on
But it's not the fact that you kissed him yesterday
It's the feeling of betrayal, that I just can't seem to shake
And everything I know that tells me that I should walk away
But I just want to stay
And my friend said
I know you love her but it's over mate

It doesn't matter, put the phone away
It's never easy to walk away
Let her go oh oh oh
And it'll be okay
It's gonna hurt for a bit of time
So, bottoms up, let's forget tonight
You'll find another and you'll be just fine
Let her go oh oh oh
But nothing heals
The past like time
And they can't steal
The love you're born to find
But nothing heals
The past like time
And they can't steal
The love you're born to find
I know you love her but it's over mate
It doesn't matter, put the phone away
It's never easy to walk away
But let her go oh oh oh
And it'll be okay
It's gonna hurt for a bit of time
So, bottoms up, let's forget tonight
You'll find another and you'll be just fine
Let her go oh oh oh
It'll be alright
It'll be alright
It'll be alright
It'll be alright
It'll be alright
