

Dean Lewis - Middle of Love (feat. Picture This)

tom:
Cm (forma dos acordes no tom de Bm)
Capostrate na 1ª casa

It's complicated, she's understated
But I smell your smell on her skin and I hate it
Wish it wasn't, two of us in
Line for her heart, do you know her apartment
Like I do?
Oh, it's getting hard on my heart
Oh, oh, oh

And I wish it was my name she called
When she's fast asleep and she's talking
But lately it's only been yours and
I'm in the middle of love
And she's lying there in my bed
But she's kissing you in her head
I wonder does she go there often
While I'm in the middle of love
(I'm in the middle of love)

And every time it's just us alone
And I see your name on her phone
I wonder are you just a call
Or a place she calls home
She makes me feel like I'm high, I can't keep it inside

She's the one thing that makes me feel so damn alive
And I wish it was my name she called
When she's fast asleep and she's talking
But lately it's only been yours and
I'm in the middle of love
And she's lying there in my bed
But she's kissing you in her head
I wonder does she go there often
While I'm in the middle
And I don't even wanna know your name
'Cause it'll only ever bring me pain
Always, always
(I'm in the middle of love)
And even if she never comes to choose
I will always be prepared to lose
Her love
(I'm in the middle of love)
And I wish it was my name she called
When she's fast asleep and she's talking
But lately it's only been yours and
I'm in the middle of love
I'm in the middle of love
I'm in the middle of love
