

Dean Lewis - Rest (feat. Sasha Alex Sloan)

tom:

D

Been a couple years since I've loved like this
 Living in the dark but a light exists in your eyes
 In your eyes

D

And suddenly the world isn't as lonely now
 When you look at me you know I can't come down
 Let me take your hand, ruin all your plans
 I hope you understand

D

That I want you, or I want nothing at all
 I wanna be there, to catch all your tears as they fall
 And I wanna hold you while you go to sleep
 And when I wake up, you're the first thing I need
 I want you tonight and for the rest of my life

D

I've only gotten hurt when I fell in love
 Got a couple of scars but you stitched them up
 Yea you did... Don't know how you did it

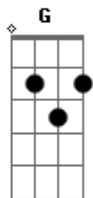

D

But suddenly the world isn't as lonely now

 And I wanna hold you while you go to sleep
 And when I wake up, you're the first thing I need
 I want you tonight and for the rest of my life

Give me your heart, I'll take it
 I won't break it, Keep it safe and sound
 Give me your heart, I'll take it
 I won't break it, I won't let you down

I want you, or I want nothing at all
 I wanna be there, to catch all your tears as they fall
 And I wanna hold you while you go to sleep
 And when I wake up, you're the first thing I need
