

# Dean Lewis - Rest (feat. Sasha Alex Sloan)

tom:

D

Been a couple years since I've loved like this  
 Living in the dark but a light exists in your eyes  
 In your eyes

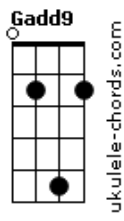

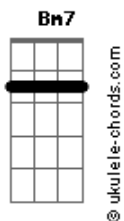

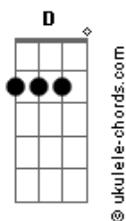

And suddenly the world isn't as lonely now  
 When you look at me you know I can't come down  
 Let me take your hand, ruin all your plans  
 I hope you understand

That I want you, or I want nothing at all  
 I wanna be there, to catch all your tears as they fall  
 And I wanna hold you while you go to sleep  
 And when I wake up, you're the first thing I need  
 I want you tonight and for the rest of my life

I've only gotten hurt when I fell in love  
 Got a couple of scars but you stitched them up  
 Yea you did... Don't know how you did it

But suddenly the world isn't as lonely now

## Acordes

When you look at me you know I can't come down  
 Let me take your hand, ruin all your plans  
 I hope you understand

That I want you, or I want nothing at all  
 I wanna be there, to catch all your tears as they fall  
 And I wanna hold you while you go to sleep  
 And when I wake up, you're the first thing I need  
 I want you tonight and for the rest of my life

Give me your heart, I'll take it  
 I won't break it, Keep it safe and sound  
 Give me your heart, I'll take it  
 I won't break it, I won't let you down

I want you, or I want nothing at all  
 I wanna be there, to catch all your tears as they fall  
 And I wanna hold you while you go to sleep  
 And when I wake up, you're the first thing I need  
 I want you tonight and for the rest of my life
