

Death Cab For Cutie - Meet Me On The Equinox

Tom: Bb

Intro:

Meet me on the Equinox
 Meet me half way
 When the sun is perched
 at it's highest peek
 In the middle of the day
 Let me give my love to you
 Let me take your hand
 And as we walk in
 the dimming light
 Oh darling understand

That everything, everything ends
 That everything, everything ends

(Gm)

Meet me on your
 best behavior
 Meet me at your worst

For there will be
 no stone unturned
 Or bubble left to burst

Let me lay beside
 you darling
 Let me be your man

And let our bodies
 intertwine

But always understand

That everything, everything ends
 That everything, everything ends

That everything everything
 everything ends

(Gm)

A window
 An opened tomb
 The sun crawls
 Across your bedroom

A halo
 A waiting room
 Your last breaths

Moving through you

As everything, everything ends
 As everything, everything ends

As everything, everything everything
 Everything everything everything ends

(Gm)

Meet me on the Equinox
 Meet me half way

When the sun is perched
 at it's highest peek

In the middle of the day

Let me give my love to you
 Let me take your hand

And as we walk in
 the dimming light

Oh darling understand

That everything, everything ends
