

Death Cab For Cutie - Photobooth

Tom: G

INTRODUÇÃO

G Em C Am (2x)

I remember when the days were long
 and the nights when the living room was on the lawn.
 Constant quarreling the childish fits
 and our clothes in a pile on the ottoman.
 All the slander and double speak
 Were only foolish attempts to show you did not mean,
 Anything but the blatant proof
 Was your lips touching mine in the photobooth.

REFRÃO

And as the summers ending the cold air rush your hard heart
 away.
 You were so condescending,
 And this is all that's left
 Scraping paper to document.
 I've packed a change of clothes and it's time to move on.
 G Em C Am (2x)

Cup your mouth to compress the sound,
 Skinny dipping with the kids from a nearby town.
 And everything that I said was true

As the flashes blinded us in the photobooth.
 Well I lost track when those words were said,
 You took the wheel and you steered us into my bed,
 And soon we woke and I walked you home
 And it was pretty clear that is was hardly love.

And as the summers ending the cold air rush your hard heart
 away.
 You were so condescending as the alcohol drained the days.
