(acordes na forma do tom **F**)

Capostrate na 5ª casa

ill put the shapes for a capo in ().

(play main progressoin till interlude)
with capo on 5th

Dm (Am) **F (C)** **Bb (F)**

Squeaky swings and tall grass

The longest shadows ever cast

The water's warm and children swim

And we frolicked about in our summer skin

I don't recall a single care

Just greenery and humid air

Then Labor day came and went

And we shed what was left of our summer skin

interlude

strum each chord once from top to bottom

F C Dm or **(C G Am)**

F C Bb **(C G F)**

back to main

Dm(Am) **F(C)** **Bb(F)**

On the night you left I came over

And we peeled the freckles from our shoulders

Our brand new coats so flushed and pink

And I knew your heart I couldn't win

Cause the seasons change was a conduit

And we left our love in our summer skin

interlude once
