

Death Cab For Cutie - Your Heart Is An Empty Room

Tom: **C**

Verse 1:

C **Em** **Am** **Em** **F**
Burn it down till the embers smoke on the ground

C **Em** **Am** **Em** **F**
And start new when your heart is an empty room

Am **Em** **F**
With walls of the deepest blue

C **Em** **Am** **Em** **F**
Home's face: how it ages when you're away

C **Em** **Am** **Em** **F**
Spring blooms and you find the love that's true

Am **Em** **F**
But you don't know what now to do

Am **Em** **F**
Cause the chase is all you know

Am **Em** **F**
And she stopped running months ago
C **F** **C** **F** **C** **Am** **Em** **F**
And all you see is where else you could be when you're at home

C **F** **C** **F** **C** **Am** **Em** **F**
Out on the street are so many possibilities to not be alone

Verse 2:

C **Em** **Am** **Em** **F**
The flames and smoke climbed out of every window

C **Em** **Am** **Em** **F**
And disappeared with everything that you held dear

Am **Em** **F**
And you shed not a single tear

Am **Em** **F**
for the things that you didn't need

Am **Em** **F**
Cause you knew you were finally free

C **F** **C** **F** **C** **Am** **Em** **F**
Cause all you see is where else you could be when you're at home

C **F** **C** **F** **C** **Am** **Em** **F**
Out on the street are so many possibilities to not be alone
Chorus:

Chorus:

C **F** **C** **F** **C** **Am** **Em** **F**
And all you see is where else you could be when you're at home

C **F** **C** **F** **C** **Am** **Em** **F**
Out on the street are so many possibilities to not be alone
