

# Declan Mckenna - In Blue

Intro: C Am tom:

[Primeira Parte]

I made a wrong turn, in blue  
 How the rain kept me inside?  
 I built a house from sticks and twine  
 And you said it would serve me fine  
 But then the rain could soak me through

[Refrão]

And when she lies, she says you're lying too  
 In blue

[Segunda Parte]

Like how you told me then to go ahead and try it  
 Anything to keep me quiet  
 I caught the mirror head on as I grew

[Refrão]

And when she smiles, she knows I'm happy too  
 In blue  
 And when she smiles, I know I'm happy too  
 In blue, in blue  
 I caught a glimpse of it, your brilliance  
 All too much and all too clever

I caught a fever like I always do  
 And still you let me stand with you, in blue  
 [Terceira Parte]

All for show and no purpose  
 I bet next year I'll see you all the time  
 The fault is all deserved as mine  
 The fault is all deserved as mine

[Ponte]

And I wake up inside a matchstick house  
 Was it all on purpose?

Was this true?

Oh, and I've been waiting  
 Quiet as a mouse  
 Tell me and be honest, was this you?

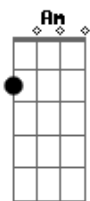

'Cause when I talk I'm not so boring  
 Will I catch you sleepy, snoring?  
 When you're out of luck, will I be too?

[Refrão]

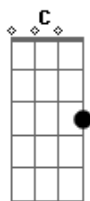

In blue  
 And when you're out of luck, I will be too  
 In blue, in blue

( G Am E F Fm )  
 ( C Em Am E F Fm C )
